DISLEY RURAL DISTRICT COUNCIL

ANNUAL REPORT

1966

HEALTH COMMITTEE

Councillors L. Chappell (Chairman)

W.M. Halsall, J.P. (Vice-Chairman)

Mrs. T. Hewlett-Johnson

A.E. Newey

E.A. Rhodes

(as at December 31st 1966)

OFFICERS OF THE HEALTH DEPARTMENT

Medical Officer of Health	T.W. Brindle, M.B., Ch.B., D.P.H.
Public Health Inspector	E. Turnbull, F.R.S.H., M.A.P.H.I.
Abattoir Meat Inspector	C.E. Hall, M.R.C.V.S.

RURAL DISTRICT COUNCIL OF DISLEY

ANNUAL REPORT - 1966

Mr. Chairman, Madam and Gentlemen,

The population at mid-year 1966 as estimated by the Registrar General was 3,830 which is a decrease of 10 compared with the estimated population at mid year 1965. There were 66 live-births, 5 less than the record number in 1965. 3.0% of the total births were illegitimate. There was 1 stillbirth. There were 53 deaths at all ages and the death-rate was 13.8 per thousand population. There were no infant deaths during the year.

There was no serious outbreak of infectious illness. There were 2 new cases of pulmonary tuberculosis notified compared with 2 in 1965 and 1 in 1964. There were no new cases of non-pulmonary tuberculosis.

I should like to thank the Chairman and Members of the Health Committee for their continued interest in all health matters. I should also like to thank the Council's Officers for their valuable help throughout the year.

I remain,

Yours faithfully,

T.W. BRINDLE

Medical Officer of Health

253, London Road,
Hazel Grove,
Cheshire.

Mr. Chairman, ladies and gentlemen,

The population of mid-York in 1966 as estimated by the Registrar General was 2,470 which is a decrease of 10 compared with the estimated population of mid-year 1965. There were 66 live-births, 7 more than the record number in 1965. 1.0% of the total births were illegitimate. There was 1 stillbirth. There were 21 deaths at all ages and the death-rate was 13.1 per thousand population. There were no infant deaths during the year.

There was no serious outbreak of infectious illness. There were 2 cases of pulmonary tuberculosis notified compared with 5 in 1965 and 1 in 1966. There were no new cases of non-pulmonary tuberculosis.

I should like to thank the Chairman and members of the Health Committee for their continued interest in all health matters. I should also like to thank the Council's Officers for their valuable help throughout the year.

SECTION A

Area in acres	2,208
Population Census 1951	2,863
Population Census 1961	3,170
Population Mid Year 1966 (Registrar General's Estimate)	3,830
No. of Inhabited houses	1,382
Rateable Value (1st April 1966)	£160,380
Product of a Penny Rate (estimated)	£670

PHYSICAL CHARACTERISTICS OF THE AREA

The area is hilly in character with a wealth of pleasantly wooded slopes rising from a level of 400 ft., at the River Goyt, to the highest point of 1,013 ft. above mean sea level. On the northwest boundary, the residential area of Jacksons Edge follows roughly the line of the 700 ft. contour.

SECTION B

GENERAL PROVISION OF HEALTH SERVICES IN THE AREA

Laboratory Facilities are available at the Public Health Laboratory at Withington Hospital.

The following services are provided by the Local Health Authority and administered by the North East Cheshire Divisional Health Committee.

Ambulance Facilities A 24 hour Ambulance Service is available, being provided by the Stockport Corporation and Derbyshire County Council on an agency basis. In addition, sitting case ambulances are available.

Nursing in the Home There are in the area one District Nurse who undertakes general nursing and one midwife.

Home Help Service Home helps are available in cases of illness, confinement old age, etc. Home helps have been employed during the year in the following cases in Disley.

	<u>No. of Cases</u>
Chronic Sick including aged & infirm ...	6
Confinements	7
Acute Illness	<u>4</u>
	<u>17</u>

Infant Welfare Centres Sessions are held fortnightly at the Council Offices. Attendances during the year were as follows:-

	<u>New Cases</u>	<u>Total Attendances</u>		
	<u>0 - 1 yr.</u>	<u>0 - 1 yr.</u>	<u>1 - 2 yrs.</u>	<u>2 - 5 yrs.</u>
Centre Disley	72	700	133	67

Diphtheria Immunisation, Whooping Cough and Poliomyelitis Vaccination

Special arrangements are made for immunisation to be performed at the end of each welfare session. In addition immunisation is carried out free of charge by general medical practitioners at their surgeries. An annual visit is made to the one primary school in the district for the purpose of giving diphtheria and poliomyelitis reinforcing doses.

Chiropody Service

Financial help in obtaining chiropody treatment is given on medical recommendation to persons aged 65 years and over, persons registered as physically handicapped and expectant mothers. Treatment is given by a chiropodist chosen by the patient.

Club for Physically Handicapped Persons

A social club for physically handicapped persons meets every other week at Hazel Grove. Transport is provided in the majority of cases by members of the W.V.S. In addition a handicrafts section meets in alternate weeks.

Welfare Foods

Welfare foods are on sale at the Council Offices, Disley from Monday to Friday and at the Child Welfare Centre on the 1st and 3rd Tuesday afternoon every month.

Services provided by the Regional Hospital Board

Hospitals. There is no hospital within the Rural District, and patients from this area are admitted to hospitals in neighbouring districts. Maternity cases requiring hospital accommodation are also admitted to hospitals outside the area. Where necessary, infectious disease cases other than smallpox, are admitted to the Stockport Isolation Hospital and Munsall Hospital for infectious diseases. Facilities for smallpox cases are provided at Ainsworth Smallpox Hospital, near Bury.

Tuberculosis and Venereal Diseases. Special clinics for the diagnosis and treatment of tuberculosis and venereal diseases are held at the Chest Clinic, Stepping Hill Hospital and St. Thomas', Hospital, Flint Street, Stockport, respectively.

GENERAL SANITARY CIRCUMSTANCES

1. Water. The area is supplied by the Stockport and District Water Board. The Board consists of representatives of the Stockport County Borough Council, the Urban District Councils of Bredbury and Romiley, Marple, New Mills, Alderley Edge, Cheadle and Gatley, Hazel Grove and Bramhall, Whaley Bridge and Wilmslow and the Rural District Council of Disley ("the constituent councils") and the Cheshire County Council.

Most of the houses in the Disley Rural District are connected to the mains but a few farms and isolated houses situated on high ground are supplied by natural wells and springs, a few having boreholes. The situation of these premises and the physical characteristics of the land render the cost of laying mains prohibitive and an almost impossible task.

The water supplied to the district is chemically treated, filtered and chlorinated, it is subject to frequent bacteriological examination and chemical analysis by the Board and has proved satisfactory in quality and quantity. Fluoridation is not carried out. The main road and lower areas of the district are supplied from Kinder and the higher part of the district from the Goyt Valley High Level supply.

Six samples of mains water drawn from house taps were submitted to the Public Health Laboratory, Withington Hospital, for bacteriological examination and were found to be satisfactory.

The Engineer and Manager of the Stockport and District Water Board has reported as follows:-

"The water supplied to the Disley Rural District was derived partly from the Kinder supply and partly from the Goyt Valley High Level supply".

BACTERIOLOGICAL EXAMINATION

"Fiftythree samples on each supply (i.e. a total of 106 samples) were taken at the respective treatment works during the year, all of which gave the following results:-

Probable No. of coli-aerogenes per 100 mls. 0

CHEMICAL ANALYSIS

"Twelve samples were taken on each supply during the year. As examples of typical analyses the following results taken on the 13th June and 1st August 1966, are submitted"

CHEMICAL ANALYSIS

						KINDER	GOYT VALLEY
Samples taken	1.8.66	13.6.66
pH value	8.45	8.16
Colour, p.p.m. platinum	4	1
Turbidity, p.p.m. silica scale	0.4	1.9
						Parts per million

Both Reports - This water is very satisfactory

PRIVATE WATER SUPPLY

Samples of a private water supply to a hotel were found to be unsatisfactory. The owner installed a simple chlorinating device and subsequent samples of treated water have been reported as satisfactory. Regular supervision of this supply has been continued.

Samples of spring water serving three dwellinghouses remote from the mains supply were found to be unsatisfactory on bacteriological examination. The owners are investigating the possibility of obtaining a mains supply.

2. Drainage and Sewerage The greater part of the district is sewered and two sewage disposal works are owned by the Council. Most houses are connected to the sewers and those properties which are not are in isolated positions. The Council has an arrangement with a neighbouring local authority for the use of their cesspit emptying machine for pumping out the contents of privately owned septic tanks and cesspools in the Disley Rural District.

3. Rivers and Streams The River Goyt forms the northern boundary of the district and the Bollinhurst Brook is the south-westerly boundary. The effluents from the Councils Waterside and Coppice Sewage Disposal Works discharge respectively into these.

4. Sanitary Accommodation

Water Closets	1,393
Privies	13
Pail Closets	21
Ashbins	1,888

GENERAL SANITARY CIRCUMSTANCES - (continued)

5. Public Conveniences The Council owns one building near Ram Square, Disley, which contains sanitary conveniences for both sexes. Cleansing of the premises is carried out each day by a part time Officer. Coin operated locks are fitted to the doors of the W.C's, there are no turnstiles.

6. Refuse Collection and Disposal A direct labour refuse collection service is operated. A 3 man team comprising loader/driver and two loaders is employed and a dual tip diesel Karrier Bantam vehicle of 12 cubic yards capacity with end loading is in use. An incentive bonus scheme was put into operation in 1964 and members of the team were paid a bonus of 2d. per ashbin collected in excess of 1,000 bins collected in a basic period of 126 hours. The target varies pro rata with the total number of hours spent on refuse collection.

The Council reviewed the position in October 1965 with a view to still further reducing the period of collection and it was then decided to increase the target bonus from 2d. to 2½d. per bin, operative from the 28th October, 1965.

Formerly the collection period was fortnightly and in 1965 this was reduced to an average of 10.9 days for 1,725 bins (average). In 1966 the average was 10.8 days for the collection of 1,816 bins.

In addition to the collection of household refuse the same team is responsible for the weekly collection of trade refuse for which an appropriate charge is made.

The refuse is disposed of by controlled tipping at the Council's tip in Greenshall Lane, Disley. After discharge the refuse is raked over and covered with a layer of overburden sand or with surplus excavated materials from building sites or public works. General levelling and dressing of surfaces is carried out with a hired bulldozer.

7. Rodent Control A Rodent Operator is employed on five mornings in alternate weeks. Regular inspection and treatments of the Council's sewage disposal works and refuse tip have been carried out and surveys for the detection and eradication of rodents in other parts of the district. 218 minor rat infestations of private property and local authority premises and 6 on business premises were treated. Infestations of mice were dealt with at 10 dwellinghouses and at 4 other premises. There were no major infestations of rats or mice.

8. Smoke abatement Observations were made on two factories with solid fuel burning furnaces and informal action was taken in connection with sporadic discharge of black smoke and dense smoke, respectively, from each factory. The larger factory which discharged black smoke has carried out alterations to the boilers whereby oil firing and electric energy are now used for all heat and steam raising purposes. The smaller factory has improved a flue and heightened a chimney stack with beneficial results.

9. Camping Sites There is one permanent camping site in the district which is occupied during the summer months and during winter weekends by a National Girls' Organisation. The camp is well managed.

SECTION C - Continued

GENERAL SANITARY CIRCUMSTANCES - (continued)

10. Animal Boarding Establishments Act, 1963 One application for a renewal of Licence was received and approved for an establishment with accommodation for 36 dogs and 12 cats. The premises are kept in a satisfactory condition.

11. Offices, Shops and Railway Premises Act, 1963 The number of registered premises at the end of the year was eleven, general inspection of seven premises was made.

12. Sanitary Inspections. The following inspections were made during the year:-

Houses Public Health & Housing Acts (primary)	20
" Re-inspections	57
" re Improvement Grants	51
Council houses	240

SECTION D

HOUSING

1. New houses During the year the erection of 18 private houses was completed and at the 31st December, 1966 there were 12 private houses in course of construction.

The numbers of houses erected during each of the years 1960 to 1966 were 16, 20, 93, 71, 17, 24 and 18, respectively, of which the Council's share was 14 old peoples bungalows. The Council carried out no new housing development in 1966.

SECTION D - Continued
HOUSING - (continued)

2. Housing Improvements

Standard Grants. Standard grants under the provisions of the House Purchase and Housing Act, 1959 were approved in respect of 21 applications one of which was subsequently withdrawn. Works in connection with 15 houses were completed during the year compared with five during 1965, the following amenities being provided in addition to those already in existence:-

	<u>1966</u>	<u>1965</u>
Fixed bath	12	(5)
Wash-hand basin	13	(5)
Hot Water Supply	12	(5)
Water closet in dwelling	13	(5)
Satisfactory facilities for storing food	7	(4)

Discretionary Grants The work on one house for which a grant was approved in 1965 was completed. No applications for discretionary grants were received during the year.

SECTION E
INSPECTION AND SUPERVISION OF FOOD

1. Slaughterhouses Act, 1958. There is one licensed slaughterhouse in the district, situated at Potters Hey, Newtown, and it complies with the requirements of the Slaughterhouses (Hygiene) Regulations, 1958 and the Slaughter of Animals (Prevention of Cruelty) Regulations, 1958.

2. Slaughter of Animals Act, 1958. The following licenses were issued:-

Renewal of Licence	3)	To slaughter or stun cattle
New Licence	1)	sheep and swine.

2. Meat Inspection. All animals slaughtered were inspected by the Council's Meat Inspector, as follows:-

Animals Inspected	1966	1965	Meat Condemned 1966
Cattle	1312	1342	80 livers. 2 carcasses
Sheep & Lambs	8206	6675	375 livers. 16 plucks.
Pigs	5	8	Nil
	<u>9523</u> =====	<u>8025</u> =====	

3. Food Inspection. All food shops have been regularly inspected and advice given where necessary on the handling of food and the maintenance of premises.

SECTION E- Continued
INSPECTION AND SUPERVISION OF FOOD - Continued

4. Food Premises in the District

Licensed Premises	11
Catering Premises	7
Works Canteens	3

Butchers Shops	3
Wet Fish Shops	1
Grocers	6
Greengrocers	3
Bakers	1
General Stores	5
Registered Ice Cream Dealers	7
Confectioners	4
					<u>52</u>

5. Food Sampling. Sampling of food in the district is carried out by an Inspector of the Weights and Measures Department of the Cheshire County Council.

6. Food Poisoning. No cases of food poisoning were notified during 1966.

7. Milk. Reports received from the Medical Officer of Health, Cheshire County Council, on samples of milk obtained by his staff in this district shewed the following results:-

	Pass	Failed	Total
Methylene Blue Test	113	2	115
Phosphatase Test	60	Nil	60
Turbidity Test	6	Nil	6

<u>Brucella Abortus</u>		
Sampling done by Cheshire County Council in the Disley Rural District during 1966		
	Total Submitted	Number Brucella Positive
Bulk Samples	28	-
Dealer Samples	33	-
Individual Cow Samples	27	2
Total	88	2

There were at the end of 1966 four dairy herds in the district from which milk was sold raw to the public.

SECTION E - Continued
INSPECTION AND SUPERVISION OF FOOD - Continued

8. Ice Cream Twenty three samples of ice-cream purchased from local retailers were submitted to the Public Health Laboratory and on being subjected to the methylene blue test twenty two were within provisional Grade 1 (not decolourised at the end of 4 hours) and one was in provisional Grade 2.

SECTION F

PREVALENCE OF AND CONTROL OVER INFECTIOUS DISEASES

(a) General Number of cases of Infectious Diseases notified during the year:-

Measles..... 8

(b) Analysis of Notified Infectious Diseases

Disease	Under									Total
	1	1-	2-	3-	4-	5-9	10-14	15-24	25 & over	
Measles	-	2	2	-	2	2	-	-	-	8

(c) Diphtheria Immunisation During the year the following children were immunised in the Council's area:-

	Under 5	Schoolchildren	Total
Primary	142	20	162
re-immunisation	11	105	116

(d) Tuberculosis

Cases on Register:-

	Males		Females		Total
	Pulmonary	Non-Pulmonary	Pulmonary	Non-Pulmonary	
Cases on Register 1.1.66	11	1	6	6	24
Cases notified in 1966	1	-	1	-	2
Cases removed in 1966	-	-	1	-	1
Cases on Register 31.12.66	12	1	6	6	25

ADMINISTRATION OF FACTORY ACTS

Inspection of factories was carried out during the year and all premises were found to be generally satisfactory.

The number of premises and inspections is as follows:-

Premises	Number on Register	Number of Inspections	Number of written notices	Number of Occupiers Prosecuted
(1) Factories in which Secs. 1,2,3, 4 and 6 are enforced by the Local Authority	3	6	-	-
(2) Factories not included in above in which Sec. 7. applies	11	10	-	-
(3) Other premises (excluding outworkers premises)	6	12	-	-
Totals	20	28	-	-

No lists of Outworkers were received during the year.

Inspection of factories was carried out during the year and all queries were found to be generally satisfactory.

The number of premises and inspections is as follows:-

Number of factories inspected	Number of inspections carried out	Number of premises inspected	Number of factories inspected	Number of premises inspected
-	-	6	3	(1) Factories in which Secs. 1, 2, 3, 4 and 5 are enforced by the local authority
-	-	10	11	(2) Factories not included in above in which Sec. 7 applies
-	-	12	6	(3) Other premises (excluding outdoor premises)
-	-	28	20	Totals

No lists of Government were received during the year.
